

Nolan Lamkin clinches 2023 Superbike Cup National Championship

Austin, Texas - Nolan Lamkin continued his success in the Superbike Cup class winning the championship title with still one event left in the 2023 season and having another 1st and 2nd place result at Circuit of the Americas. Lamkin has seven (7) wins in the Superbike Cup class this season.

This weekend was the first time that the entire *MotoAmerica* championship has been to Circuit of the Americas, so Lamkin and the team were learning all about the iconic facility. Lamkin competes in both the Superbike Cup and Stock 1000. In the Stock 1000 series championship, Lamkin currently is in fifth place out of 64 riders.

Lamkin also debuted a second *IN Indiana* custom helmet design highlighting his Indiana roots. (photo included)

Nolan Lamkin - "This weekend in Texas was a great weekend for us. With it being a new race track for the series, we had to work on the bike setup from the ground up. We made continual progress all weekend and learned more about our package as a whole. I need to give a big thank you to my crew guys, Dustin and Donny, our Vet2Track vets, plus Steve Weir from BMW. We learned a ton about our race package and are excited to continue to grow for the last race weekend of the season at New Jersey Motorsports Park in two weeks!"

Round 9 of the MotoAmerica championship is **September 22 - 24, 2023** at New Jersey Motorsports Park, Millville, New Jersey.
